

1

One rope is 14 in. The other rope is 7 in.

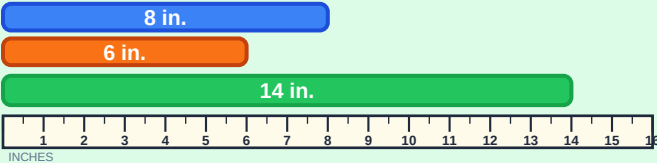

$14 + 7 = 21$ inches ■

Both ropes together = 21 inches ■

2

One ribbon is 8 in. The other ribbon is 6 in.

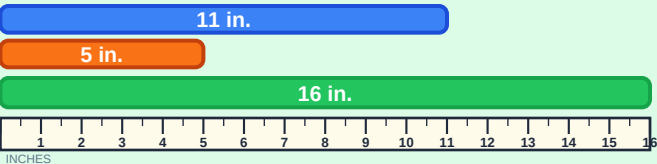

$8 + 6 = 14$ inches ■

Both ribbons together = 14 inches ■

3

One stick is 11 in. The other twig is 5 in.

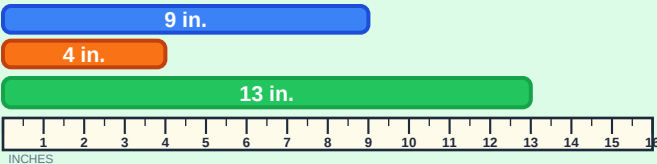

$11 + 5 = 16$ inches ■

Both sticks together = 16 inches ■

4

One pencil is 9 in. The other crayon is 4 in.

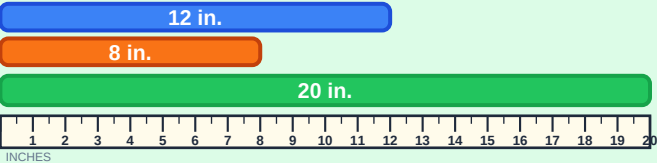

$9 + 4 = 13$ inches ■

Both pencils together = 13 inches ■

5

One string is 12 in. The other yarn is 8 in.

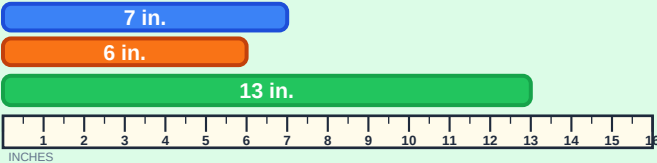

$12 + 8 = 20$ inches ■

Both strings together = 20 inches ■

6

One worm is 7 in. The other worm is 6 in.

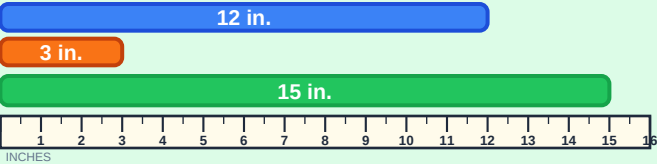

$7 + 6 = 13$ inches ■

Both worms together = 13 inches ■

7

One ruler is 12 in. The other strip is 3 in.

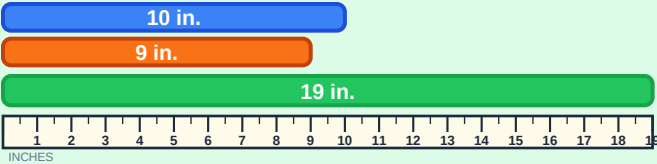

$12 + 3 = 15$ inches ■

Both rulers together = 15 inches ■

8

One ribbon is 10 in. The other lace is 9 in.

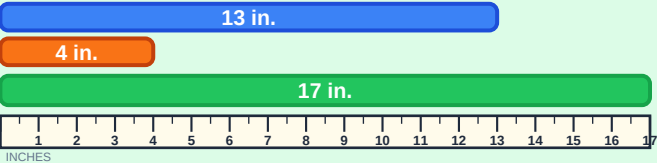

$10 + 9 = 19$ inches ■

Both ribbons together = 19 inches ■

9

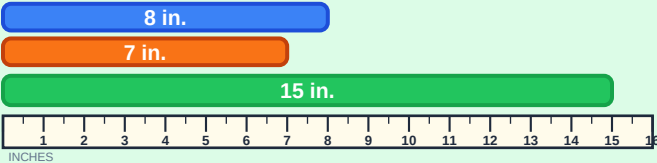

One rod is 13 in. The other peg is 4 in.

$13 + 4 = 17$ inches ■
Both rods together = 17 inches ■

10

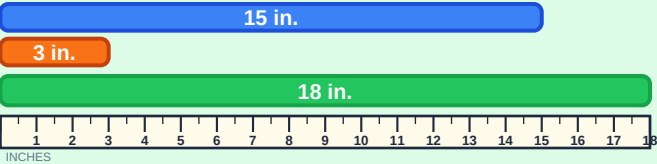

One snake is 8 in. The other lizard is 7 in.

$8 + 7 = 15$ inches ■
Both snakes together = 15 inches ■

11

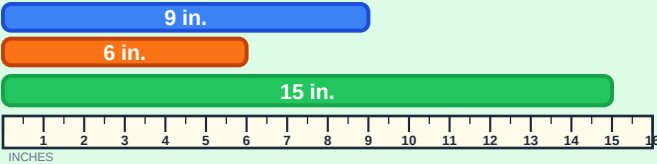

One tape is 15 in. The other strip is 3 in.

$15 + 3 = 18$ inches ■
Both tapes together = 18 inches ■

12

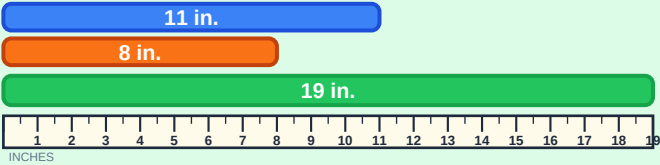

One feather is 9 in. The other quill is 6 in.

$9 + 6 = 15$ inches ■
Both feathers together = 15 inches ■

13

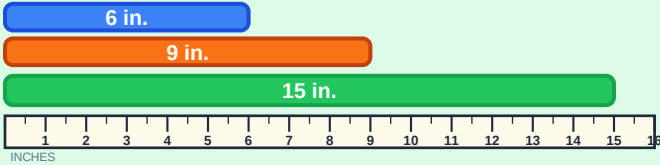

One rope is 11 in. The other cord is 8 in.

$11 + 8 = 19$ inches ■
Both ropes together = 19 inches ■

14

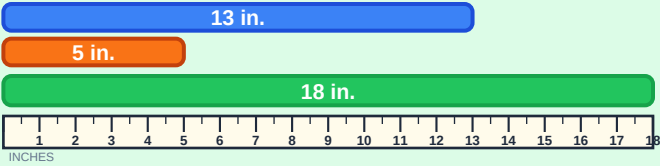

One stick is 6 in. The other branch is 9 in.

$6 + 9 = 15$ inches ■
Both sticks together = 15 inches ■

15

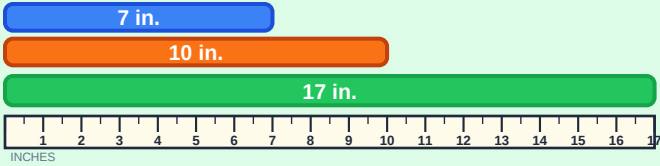

One ribbon is 13 in. The other bow is 5 in.

$13 + 5 = 18$ inches ■
Both ribbons together = 18 inches ■

16

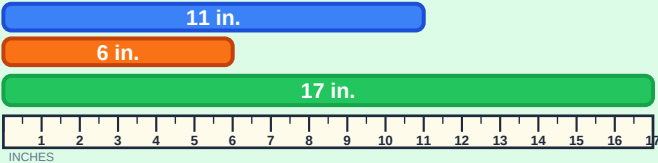

One string is 7 in. The other thread is 10 in.

$7 + 10 = 17$ inches ■
Both strings together = 17 inches ■

17

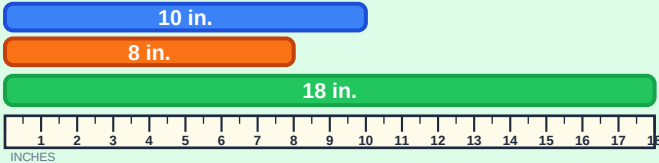

One pencil is 11 in. The other pen is 6 in.

$11 + 6 = 17$ inches ■
Both pencils together = 17 inches ■

18

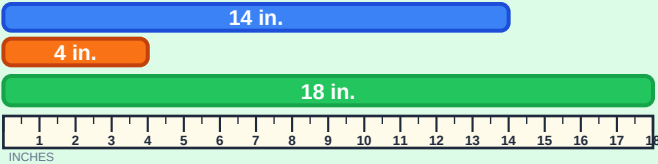

One worm is 10 in. The other worm is 8 in.

$10 + 8 = 18$ inches ■
Both worms together = 18 inches ■

19

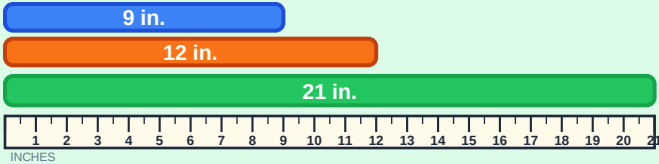

One pipe is 14 in. The other tube is 4 in.

$14 + 4 = 18$ inches ■
Both pipes together = 18 inches ■

20

One rope is 9 in. The other rope is 12 in.

$9 + 12 = 21$ inches ■
Both ropes together = 21 inches ■
